INCOMETRIC FUND

Fund Information

The Fund is organized in and under the laws of the Grand-Duchy of Luxembourg as a mutual investment fund with separate Sub-Fund(s) constituting each a separate portfolio of assets and liabilities.

The Fund is registered pursuant to the Part I of the Law of 17 December 2010 relating to undertakings for collective investment.

In accordance with the Management Regulations, the board of directors of the Management Company may issue Units in each Sub-Fund. A separate pool of assets is maintained for each Sub-Fund and is invested in accordance with the investment objectives applicable to the relevant Sub-Fund. As a result, the Fund is an "umbrella fund" enabling investors to choose between one or more investment objectives by investing in one or more Sub-Funds. Investors may choose which Sub-Fund(s) may be most appropriate for their specific risk and return expectations as well as their diversification needs.

Each Sub-Fund is treated as a separate entity and operates independently, each portfolio of assets being invested for the exclusive benefit of this Sub-Fund. A purchase of Units relating to one particular Sub-Fund does not give the holder of such Units any rights with respect to any other Sub-Fund.

The net proceeds from the subscription to each Sub-Fund are invested in the specific portfolio of assets constituting that Sub-Fund.

With regard to third parties, each Sub-Fund will be exclusively responsible for all liabilities attributable to it.

The board of directors of the Management Company may, at any time, create additional Sub-Funds.

Furthermore, in respect of each Sub-Fund, the board of directors of the Management Company may decide to issue one or more Classes of Units, each Class having e.g. a specific sales and redemption charge structure, a specific management fee structure, different distribution, Unit holders servicing or other fees, different types of targeted investors, different currencies and/or such other features as may be determined by the board of directors of the Management Company from time to time.

The currency in which the Classes of Units are denominated may differ from the Reference Currency of the relevant Sub-Fund. The Management Company may, at the expense of the relevant Class of Units, use instruments such as forward currency contracts to hedge the exposure of the investments denominated in other currencies than the currency in which the relevant Class of Units is denominated.

The Classes of Units may be sub-divided into two Categories: accumulation of income and distribution of income.

The amounts invested in the various Classes of Units of each Sub-Fund are themselves invested in a common underlying portfolio of investments. The Management Company may decide to create further Classes of Units with different characteristics.

Units of different Classes within each Sub-Fund may be issued, redeemed and converted at prices computed on the basis of the Net Asset Value per Unit, within the relevant Sub-Fund, as defined in the Management Regulations.

The Fund is managed in the interest of its unitholders by the Management Company, a public limited company ("société anonyme") incorporated under the laws of Luxembourg and having its registered office in Luxembourg.

The assets of the Fund are separate from those of the Management Company and from those of other funds managed by the Management Company.

The Management Company manages the assets of the Fund in accordance with the Management Regulations. The Management Regulations are deposited with the Registre de Commerce et des Sociétés Luxembourg, where they may be inspected, and copies may be obtained. A notice advising of the publication and deposit of the Management Regulations with the registry was published in the Mémorial, Recueil des Sociétés et Associations of Luxembourg.

Note 2 - Significant accounting policies

2.1 Presentation of the financial statements

The financial statements for the Fund's first year were dated December 31, 2006, and subsequently on December 31 of each year. The financial statements have been prepared in accordance with the Luxembourg regulations relating to undertakings for collective investments ("UCIs") under the going concern basis of accounting.

2.2 Valuation of Investments

The net asset value is calculated in accordance with the following principles:

- The value of any cash on hand or on deposit, bills and demand notes and accounts receivable, prepaid expenses, cash dividends and interest declared or accrued as aforesaid and not yet received is deemed to be the full amount thereof, unless in any case the same is unlikely to be paid or received in full, in which case the value thereof is arrived at after making such discount as may be considered appropriate in such case to reflect the true value thereof.
- The value of securities listed or dealt in on a Regulated Market, stock exchange or other regulated markets are valued at the closing price on such markets on the day preceding the Valuation Day, save for securities listed on an Asian exchange, the value of which will be measured applying the closing prices on the Valuation Day. If a security is listed or traded on several markets, the closing price at the market which constitutes the main market for such securities, is determining;
- If the securities are not listed or dealt in on a Regulated Market, stock exchange or other regulated markets or if, in the opinion of the Management Company, the latest available price does not truly reflect the fair market value of the relevant securities, the value of such securities is defined by the Management Company based on the reasonably foreseeable sales proceeds determined prudently and in good faith by the Management Company;
- All other assets are valued at fair market value as determined in good faith pursuant to the procedures established by the Management Company.

INCOMETRIC FUND

Notes to the Financial Statements as at 30/06/2023 (continued)

Note 2 - Significant accounting policies (continued)

The Management Company, at its own discretion, may permit some other method of valuation to be used if it considers such valuation to be in the interest of a fair valuation of an asset of the Fund.

The Net Asset Value per Unit of each Class of Units in each Sub-Fund is determined on each Valuation Day and is expressed in the Reference Currency of the Sub-Fund.

The Net Asset Value per Unit of each Class of Units is determined by dividing the value of the total assets of that Sub-Fund properly allocable to such Class less the liabilities of such Sub-Fund properly allocable to such Class by the total number of Units of such Class outstanding on the relevant Valuation Day.

2.3 Combined financial statements

The various items in the financial statements of each Sub-Fund are kept in the reference currency of the Sub-Fund.

The combined statements are presented in Euro ("EUR") and correspond to the sum of the various items of each Sub-Fund converted if necessary, with the exchange rate prevailing on the closing date.

2.4 Dividend and interest income

Dividend income is accounted for on an ex-dividend basis, net of withholding tax. Interest income is recognised on an accrual basis.

2.5 Foreign currency translation

The reference currency of the Fund is EUR, and the combined statements are expressed in that currency.

The net assets as well as the market value of the investments in securities expressed in currencies other than EUR are converted into EUR at the exchange rate prevailing at the balance sheet date.

The cost of securities denominated in currencies other than EUR is converted at the exchange rate prevailing at the date of acquisition.

The exchange rates vs EUR prevailing as at 30/06/2023 are as follows:

Currency	Exchange rate	Currency	Exchange rate

2.6 Realised gains and losses on sales of investments in securities

Investments are initially recognised at cost, which is the amount paid for the acquisition of securities, including transaction costs. Realised gains or losses arising on disposal of investments are determined on the basis of the average cost of investment sold and are recognised in the Statement of operations and changes in net assets.

2.7 Futures contracts

Futures contracts provide for the delayed delivery of the underlying instrument at a fixed price or for a cash amount based on the change in the value of the underlying instrument at a specific date in the future. Upon entering into a futures contract, the Fund is required to deposit with the broker, cash or securities in an amount equal to a certain percentage of the contract amount which is referred to as the initial margin account. Subsequent payments, referred to as variation margin, are made or received by the Fund periodically and are based on changes in the market value of open futures contracts.

Outstanding futures contracts are valued by reference to the last available settlement price on the relevant market. Outstanding futures contracts as at period-end are disclosed in Note 8.

Note 2 - Significant accounting policies (continued)

2.8 Forward foreign exchange contracts

Forward foreign exchange contracts represent obligation to purchase or sell foreign currency on a specified future date at a price fixed at the time the contracts are entered into. Non-deliverable forward foreign exchange contracts are settled with the counterparty in cash without the delivery of foreign currency. Changes in the value of these contracts are recorded as unrealised appreciation or depreciation until contract settlement date. When the forward foreign exchange contract is closed, the Fund records a realised gain or loss to the difference between the value at the time the contract was opened and the value at the time it was closed.

Outstanding forward foreign exchange contracts as at period-end are disclosed in Note 7.

2.9 Options

Outstanding options contracts are valued by reference to the last available settlement price on the relevant market. Outstanding options contracts as at period-end are disclosed in Note 12.

2.10 Formation expenses

The costs and expenses of the formation of the Fund and the initial issue of its Units will be borne by the Fund and amortized over a period not exceeding 5 years from the formation of the Fund and in such amounts in each year as determined by the Management Company on an equitable basis.

The costs and expenses incurred in connection with the creation of a new Sub-Fund shall be written off over a period not exceeding five years against the assets of such Sub-Fund only and in such amounts each year as determined by the Management Company on an equitable basis. The newly created Sub-Fund shall not bear a pro-rata of the costs and expenses incurred in connection with the formation of the Fund and the initial issue of Units, which have not already been written off at the time of the creation of the new Sub-Fund.

2.11 Other expenses

Any reasonable disbursements and out-of-pocket expenses (including without limitation telephone, telex, e-mail, website, cable and postage expenses) incurred by the administrative agent, custodian, paying agent, registrar and transfer agent and any custody charges of banks and financial institutions to which custody of assets of a Sub-Fund is entrusted, will be borne by the relevant Sub-Fund.

In addition, the Management Company in consideration for the administrative agent services is entitled to an administration fee, up to a maximum of 0.35% p.a., out of the net assets of the relevant Sub-Fund payable at the end of the month. For relevant Sub-Fund and based on service agreements the Management Company is entitled to a minimum fee for administrative agent services.

Furthermore, the Management Company receives customary fees for the domiciliary and corporate services rendered to the Fund.

Note 3 - Taxe d'abonnement

In accordance with the regulations, the Fund is subject to an annual "taxe d'abonnement" at a rate of 0.05% for non-institutional classes of units, 0.01% for institutional classes of units, payable quarterly on the basis of the net assets of the Fund.

Pursuant to Article 175 (a) of the amended Law of 17 December 2010 the net assets invested in UCIs already subject to the "taxe d'abonnement" are exempt from this tax.

Risk Transparency

For all the Sub-Funds of the INCOMETRIC FUND, except for the Sub-Funds INCOMETRIC FUND - ATHOS (LF) Global Navigator and INCOMETRIC FUND – GFED AEQUITAS, the Management Company has decided to use the “Commitment Approach” for the calculation of the global exposure in accordance with CSSF Regulation 10-4; CSSF Circular 11/512 as amended by the CSSF Circular 18/698 and ESMA Guideline 10-788.

For the Sub-Fund INCOMETRIC FUND - ATHOS (LF) Global Navigator and INCOMETRIC FUND – GFED AEQUITAS the Management Company has decided to use the VaR approach (Absolute VaR option).

General Comments of VaR model:

ADEPA uses in the VaR model the calculation standards mentioned in ESMA Guidelines Box 15:

- Historical simulation model
- one-tailed confidence interval of 99 %;
- holding period equivalent to 1 month (20 business days);
- effective observation period (history) of risk factors of at least 1 year (250 business days) unless a shorter observation period is justified by a significant increase in price volatility (for instance extreme market conditions);
- quarterly data set updates, or more frequent when market prices are subject to material changes; and
- at least daily calculation.

The calculated VaR should be lower or equal to 20% of the Net Asset Value.
